**Are Plagues a bad thing?**  
**Is there and good that come from Pandemics?**  
**The good effects of the Plague**

<b><u>EFFECTS</u></b>	<b><u>WHAT CAUSED IT TO HAPPEN?</u></b>	<b><u>HOW IT APPLIES TO US TODAY?</u></b>
1. Healthier People	People who lived during the plague developed resistances to certain bacteria that non-Europeans may not have developed. There also seems to be a genetic recoding to help them.	This has allowed people who had families living in plague infected areas to develop immunities to diseases that other may be susceptible to.
